WELAKA, FLORIDA

AN ORDINANCE AMENDING ORDINANCE NO. 69-1, OF THE TOWN OF WELAKA, FLORIDA, SAID ORDINANCE BEING ADOPTED JANUARY 7, 1969, BEING A COMPREHENSIVE ZONING REGULATION FOR THE TOWN OF WELAKA, FLORIDA, DIVIDING THE TOWN INTO DISTRICTS AND ESTABLISHING THE BOUNDARIES THEREOF: REGULATING AND RESTRICTING THE ERECTION, CONSTRUCTION, RECONSTRUCTION, ALTERATION, REPAIR, OR USE OF BUILDINGS STRUCTURES, ON LAND OR WATER: REGULATING AND RESTRICTING THE HEIGHT, NUMBER OF STORIES, AND SIZE OF BUILDINGS AND OTHER STRUCTURES: REGULATING AND RESTRICTING THE PERCENTAGE OF LOTS THAT MAY BE OCCUPIED: REGULATING AND RESTRICTING THE SIZE OF YARDS, COURTS, AND OTHER OPEN SPACES: REGULATING AND RESTRICTING THE DENSITY OF POPULATION: REGULATING AND RESTRICTING THE LOCATION AND USE OF BUILDINGS, STRUCTURES, AND LAND AND WATER FOR TRADE, INDUSTRY, RESIDENCE, AGRICULTURE, AND OTHER PURPOSES: DEFINING CERTAIN TERMS HEREIN USED: PROVIDING FOR THE ADMINISTRATION, ENFORCEMENT, AND AMENDMENT OF THIS REGULATION: ESTABLISHING AND DEFINING THE POWERS AND DUTIES OF THE BOARD OF ZONING ADJUSTMENT SETTING A SCHEDULE OF FEES, CHARGES AND EXPENSES: SETTING PENALTIES FOR VIOLATION OF THESE ZONING REGULATIONS AND AUTHORIZING RESORT TO OTHER REMEDIES TO PREVENT OR ABATE VIOLATIONS: PROVIDING THAT THESE ZONING REGULATIONS SHALL SUPERSEDE ANY PREVIOUS ZONING ORDINANCE OR RESOLUTIONS PROVIDING A SEPARATE CLAUSE AUTHORITY TO CODIFY, AND FOR OTHER PURPOSES.

WHEREAS, The Charter of the Town of Welaka, empowers the Town of Welaka, Florida to enact a zoning ordinance and to provide for its administration, enforcement and amendment; and

WHEREAS, The Town Council of the Town of Welaka, Florida, deems it necessary for the purpose of promoting the health, safety, morals and general welfare of the Town, to enact said Ordinance; and

WHEREAS, the Planning and Zoning Commission, pursuant to the provisions of general law, recommend the boundaries of the various zoning districts and appropriate regulations to be enforced herein; and

WHEREAS, the Planning and Zoning Commission has given reasonable consideration among other things, to the character of the districts and their peculiar suitability for particular uses, with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout the municipality; and

WHEREAS, the Planning and Zoning Commission has made a thorough study of this Ordinance and held public hearings thereon and submitted its final report to the Town Council; and

WHEREAS, the Town Council has given due public notice of hearings relating to zoning districts, regulations and restrictions, and held such public hearings; and

WHEREAS, all requirements of the Charter of the Town of Welaka have been complied with;

NEW, THEREFORE, BE IT ORDAINED by the Town Council, Town of Welaka, Florida, as follows:

ARTICLE I

SHORT TITLE

This regulation shall be known and may be cited as "The Zoning Regulation of the Town of Welaka, Florida".

ARTICLE II

DEFINITION OF TERMS USED IN THE REGULATIONS

For the purpose of this regulation, certain terms and words are defined as follows:

Definitions, cont'd

Words used in the present tense include the future. Words in the singular number include the plural. Words in the plural number include the singular. The words "used for" shall include the meaning "designed for". The word "building" includes the word "structure". The word "lot" includes the words "plot" and "tract". The word "shall" is mandatory and not directory.

1. Accessory Building and Uses. An unattached subordinate building or the use of which is incidental to the main use of the premises.
2. Access, Primary. A dedicated or recorded public road, land, place, alley, or easement affording perpetual ingress and egress from a subject property to a public thoroughfare, and not less than twenty feet (20') in width.
3. Advertising structure. Any structure of any kind or character erected or maintained for outdoor advertising purposes, upon which any outdoor advertising sign may be placed.
4. Alley. A public or private way which affords only secondary means of access to property abutting thereon.
5. Apartment Hotel. A building designed for or containing both apartments and individual guest rooms or suites or rooms and apartments, and which may furnish services ordinarily furnished by hotels, such as drug store, barber shop, cigar and news stands, when such uses are located entirely within the building with no entrance from the street nor visible from any sidewalk and having no sign or display visible from the outside of the building indicating the existence of such use.
6. Base Building Line. A line, measured at right angles, running parallel to the centerline of the street right-of-way from which all front yard, street side yard, and lot requirements of this regulation shall be measured. This line is the closest point to the street that a structure can be located.
7. Board of Adjustment. Also shall serve as Planning and Zoning Commission.
8. Building. Any structure designed or built above or below the ground for the support, enclosure, shelter or protection of persons, animals, chattels or property of any kind.

ARTICLE VII

GENERAL REGULATION PROVISIONS

1. NON-CONFORMING USES OF STRUCTURES AND LAND WITHIN THE DISTRICT.

Existing lots, structures and uses of land and structures which were lawful before this regulation was passed or amended, but which are prohibited, regulated or restricted under the terms of this regulation or future amendment, are permitted to continue until they are removed. Such uses are declared by this ordinance to be incompatible with permitted uses in the districts involved. It is further the intent of this ordinance that conformities shall not be enlarged upon, expanded or extended, nor be used as grounds for adding other structures or uses prohibited elsewhere in the same district.

A non-conforming use of a structure, a non-conforming use of land, or a non-conforming use of a structure add land shall not be extended or enlarged after passage of this ordinance by attachment on a building or premises of additional signs or by addition of other uses of a nature which would be prohibited in the district involved.

1. Non-conforming lots of record.

Where a lot of record exists which was platted and recorded in the Office of the Clerk of the Circuit Court of Putnam County prior to the time of adaption of this regulation, and said lot does not conform to the lot area or width requirements for the district in which it is located, said lot may be used for any use permitted in district provided all other density control requirements are met.

b
2. NON-CONFORMING USES OF LAND

Non-conforming properties shall be allowed to continue in their present usage at the time of Council's acceptance of this ordinance until one of the following conditions occur:

1. Property changes ownership
2. Destruction of 50 percent or more by fire or natural disaster.
3. Renovation or additions of more than 50 percent to existing structures.

If any of the above events occur, use of property shall be governed by provisions of current zoning ordinance.

c
3. NON-CONFORMING STRUCTURES

Where a lawful structure exists at the effective date of adoption or amendment of this regulation that could not be built under the terms of this regulation by restriction on area, lot coverage, height, yards, or other characteristics of the structure or its location on the lot, such structure may be continued so long as it remains otherwise lawful, subject to the following provisions:

- a. Such structure shall not be enlarged or altered in a way which increases it's non-conformity.
- b. Should such structure be destroyed by any means to an extent of sixty percent or more of its tax assessed value at time of destruction, it shall not be reconstructed except in conformity with the provisions of this regulation.
- c. Should such structure be moved for any reason for any distance whatever, it shall thereafter conform to the regulations for the district in which it is located after it is moved.

D
4. NON-CONFORMING USES OF STRUCTURES.

If a lawful use of a structure, or of structure and premises in combination, exists at the effective date of adopting or amendment of this regulation, that would not be allowed in the district under the terms of the regulation, the lawful use may be continued so long as it remains otherwise lawful, subject to the following provisions:

- a. No existing structure devoted to a use not permitted by this regulation in the district in which it is located shall be enlarged, extended, constructed, reconstructed, moved, or structurally altered except in changing the use of the structure to a use permitted in the district in which it is located.
- b. Any structure, or structure and land in combination, in or on which a non-conforming use is superseded by a permitted use, shall thereafter conform to the regulation for the district in which such structure is located, and the non-conforming use may not thereafter be resumed.
- c. When a non-conforming use of a structure, or structure and premises in combination, is discontinued or abandoned for six months, the structure or structure and premises in combination, shall not thereafter be used except in conformance with the regulations of the district in which it is located.
- d. Where non-conforming uses status applies to a structure and premises in combination, removal or destruction of the structure shall eliminate the non-conforming status of the land.

- E
F
5. REPAIRS AND MAINTENANCE. Nothing in this regulation shall be deemed to prevent the strengthening or restoring to a safe condition of any building or part thereof except as provided in (3) B. above.

6. LOCATION OF ACCESSORY BUILDINGS AND USES When an accessory building is attached to a main structure by a breezeway, passage or otherwise, it shall maintain the same yard requirements of the main building.

2. A detached accessory building shall not be closer than six feet to the main building or other accessory building on the same lot and shall not be closer than four feet to the side and rear lot lines.
3. No detached accessory building or use shall be located in the required front yard or side yard when that side yard is adjacent to a street.

3. DISASTER SHELTERS

1. Disaster shelters for unlimited occupancy are permitted as a principal or accessory structure in any business or industrial district.

5. Disaster shelters intended for occupancy by more than two families may be permitted as Conditional Uses in accordance with Section 3 hereof, in cases where such use would not be damaging or injurious to surrounding land use.
6. Nothing in this ordinance shall be construed to prohibit the multiple use of a disaster shelter with other permitted uses of the district in which it is located.

4. YARDS

1. Projecting architectural features. The space in any required yard shall be open and unobstructed except for the ordinary projections of window sills, belt courses, cornices, eaves, and other architectural features provided that such features shall not project more than three feet into any required yard.
2. Porches. Any porch or carport having a roof shall be considered a part of the building for the determination of the size of yard or lot coverage.
3. Terraces. A paved terrace shall not be considered in the determination of yard sizes or lot coverage provided that such terrace is unroofed. Such terrace, however, shall not project into any yard to a point closer than two feet from the lot line.
4. Front yards. Front yards required in business districts may contain pump islands of service stations provided such pump islands are a minimum of 20 feet from all front property lines.
5. Rear yards. Rear yards may contain accessory buildings provided such buildings comply with Section 2 hereof.
6. Corner lots. Corner lots in residence districts have two front yards. Houses whose fronts are oriented parallel to a street shall maintain required front yard on such street. The front yard on the remaining street may be ten feet less than the normal front yard required provided it is not less than fifteen feet to the nearest point on the street line.
7. Water Front Lots. Water front lots structures must be at least 25 feet from the mean high water line.

5. HEIGHT MODIFICATION

1. The height limitations of this regulation shall not apply to church spires, barns, silos, monuments, missiles, flag poles, antennae, and domes not used for human occupancy, nor to chimneys, water tanks, and necessary mechanical appurtenances usually carried above the roof level. Such features, however, shall be erected only to such height as is necessary to accomplish the purpose they are to serve and shall not exceed in cross-sectional area 20 percent of the ground floor area of the building.

2. Obstruction marking and lighting. All obstructions as defined by the Civil Aeronautics Board publication "Obstruction Marking and Lighting" shall be marked and lighted as specified by said publication at the owner's expense.
6. CORNER VISIBILITY. On a corner lot in any residence district no fence, wall hedge, structure, or planting, or other obstruction to vision between the heights of two and one half feet and fifteen feet above street level shall be erected, placed, or maintained within the triangular area formed by the intersection street lines and a straight line joining said street lines at points which are thirty feet distant from the point of intersection measured along said street lines.
7. BUFFER AREAS. Whenever a commercial or multiple family use abuts a residentially zoned area, the commercial use or multiple family use shall provide and maintain an appropriate sight proof fence for noise and objectionable uses and conditions.
8. CURB BREAKS. The number of curb breaks for all commercial and industrial uses shall not exceed one for each 100 feet of street frontage, or fraction thereof each having a maximum width of not more than 50 feet and located not closer than 20 feet to the street right of way intersection. Two curb breaks along the same street shall be separated by a minimum of 10 feet and no curb breaks shall be located between the point of tangent on the curve of an intersection.

 1. Utility poles as required by Public Utility Companies shall not be required to meet the setback requirements for structures.
 2. On residentially zoned property, fences and walls used as fences be erected or maintained along or adjacent to a lot line to a height not exceeding six feet, provided such fences or walls comply with regulations set forth in Section 6 of this Article.
11. ESSENTIAL SERVICES. Essential services are permitted in any zoning district. Essential services are hereby defined as and are limited to certain installation of water, sewer, gas, telephone or electrical systems such as substations, and similar installations; provided, however, (1) that this subsection shall not be deemed to permit the location in a district of such installations as electric or gas generating plants, sewage treatment plants, water pumping or aeration facilities from which they would otherwise be prohibited, unless such facilities serve a subdivision recorded before the effective date of this Zoning Regulation, or intended to serve a subdivision approved under subdivision regulations in effect after the effective date of this Zoning Regulation, or a part of an internal package system designed and intended to serve a single industrial or commercial use of complex; (2) that this sub-section shall not be deemed to permit the erection of structures for commercial activities such as sales of related merchandise or collection of bills in districts from which such activities would otherwise be prohibited.
- SIGNS
12. The purpose of this section is to promote and protect the public health, welfare and safety by regulating existing and proposed outdoor advertising, outdoor advertising signs and outdoor signs of all types. It is intended to protect property values, create a more attractive economic and business climate, enhance and protect the physical appearance of the community and preserve the scenic and natural beauty of designated areas. It is further intended to reduce sign or advertising distraction and obstructions that may contribute to traffic accidents, to reduce hazards that may be caused by signs overhanging or projecting over public rights-of-way, to provide more open space, to curb the deterioration of the natural environment and to enhance community development.

Signs, cont'd

a. Construction Requirements.

All signs of similar advertising matter shall be governed in their construction or erection and maintenance by applicable local codes, and no sign or similar advertising media shall be erected without a permit.

b. Governmental Signs Excluded

For the purpose of these regulations "sign" does not include signs erected and maintained pursuant to and in discharge of any Government function, or required by any law, ordinance or governmental regulation.

c. General Requirements for all signs and districts.

The regulations contained in this section shall apply to all signs and all use districts:

1. Any illuminated sign or lighting device shall employ only light emitting a light of constant intensity, and no sign shall be illuminated by or contain flashing, intermittent, rotating or moving lights. In no event shall an illuminated sign or lighting device be placed or directed so as to permit the beams and illumination therefrom to be directed or beamed upon a public thoroughfare, highway, sidewalk or adjacent premises, so as to cause glare or reflection that may constitute a traffic hazard or nuisance.
2. No sign shall employ any parts of elements which revolve, rotate, whirl, spin or otherwise make use of motion to attract attention. Subsections (1) and (2) of this section shall not apply to any sign performing a public service function indicating time, temperature, stock market quotations or similar services.
3. All wiring, fittings and materials used in the construction, connection and operation of electrically illuminated sign shall be in accordance with the provisions of the local electric code in effect.
4. No projecting sign shall be erected or maintained from the front or face of a building a distance of more than two (2) feet, including those projecting from the face of any theater, hotel or motel marquee.
5. No sign shall be placed on the roof of any building, except those signs whose supporting structure is screened so the sign appears to be a continuation of the face of the building.
6. No temporary sign shall be placed on the front or face of a building or on any premises, except as expressly provided in this code.
7. No sign or part thereof shall contain or consist of banners, posters pennants, ribbons, streamers, spinners or other similar moving devices. Such devices, as well as strings of lights, shall not be used for the purpose of advertising or attracting attention.
8. No sign erected or maintained in the window of a building, visible from any public or private street or highway, shall occupy more than 20 percent of the window surface.
9. No sign of any classification shall be installed, erected or attached in any form, shape or manner to a fire escape or any door or window giving access to any fire escape.
10. All signs hung and erected shall be plainly marked with the name of the person, firm, or corporation responsible for maintaining the sign.
11. Should any sign be or become unsafe or be in danger of falling, the owner thereof or the person maintaining the same shall, upon receipt of written notice from the Zoning Administrator, proceed at once to put such sign in a safe and secure condition or remove the sign.

Signs

12. No sign shall be placed in any public right-of-way, except publicly owned signs, such as traffic control signs and directional signs. Signs directing and guiding traffic and parking or indicating private, but bearing no advertising matter, shall be permitted on any property.

D. Measurement of Sign Area

The surface area of a sign shall be computed as including the entire area within a regular, geometric form or combinations of regular, geometric forms comprising all of the display area of the sign and including all of the elements of the matter displayed. Frames and structural members not being advertising matter shall not be included in computation of surface area.

e. Signs Permitted in All Districts and not requiring a Permit .

1. Signs advertising the sale, lease or rental of the premises upon which the sign is located, not exceeding 12 square feet in area, except in all residential districts, the area of the sign shall not be more than six (6) square feet.
2. Professional name plates not exceeding four square feet in area.
3. Signs denoting the name and address of the occupants of the premises, not exceeding 2 square feet in area.

f. Signs permitted in Any District But Requiring Permits

1. Signs or bulletin boards, customarily incidental to places of worship, libraries, museums, social clubs or societies, located on the premises of such institution, not exceeding fifteen (15) sq. feet in area.
2. Any sign advertising a commercial enterprise, including real estate developers or subdividers, in a district zoned residential not to exceed twelve square feet in area and advertising only the names of the owners, trade names, products sold and/or the business or activity conducted on the premises where such sign is located.

g. Signs Permitted in Commercial and Manufacturing Districts requiring a permit.

The regulation set forth in this section shall apply to signs in all commercial and manufacturing districts, and such signs shall require a permit.

1. In a commercial or manufacturing district, each business shall be permitted one flat or wall, on-premises sign. Projection of wall signs shall not exceed two feet, measured from the face of the main building. Permanent on-premises signs for any single business enterprise may have an area equivalent to one and one-half square feet of sign area for each lineal foot of building width or part of a building occupied by such enterprise, but shall not exceed a maximum area of 100 square feet.
2. In a commercial or manufacturing district, two off premises signs with a total area not exceeding 600 square feet may be permitted at a single location. No single off-premises sign shall exceed on thousand two hundred (1,200) sq. ft., nor shall off-premises signs visible to approaching traffic have a minimum spacing of less than 200 ft. Off-premises signs shall conform to all applicable yard and height regulations for the appropriate zoning district, except that such signs intended to be viewed from an elevated highway shall be not more than 20 feet above the level of the roadway at its nearest point. Off-premises wall signs shall have all structural and supporting members concealed from view.

h. Temporary Signs

Temporary signs, not exceeding 50 square feet in area, announcing special public or institutional events, the erection of a building, the architect, the builders, or contractors, may be erected for a period of 60 days plus the construction period. Such temporary signs shall conform to the general and setback requirements as set forth

in these regulations and, in addition, shall meet such other requirement as may be set by the Zoning Administrator to accomplish the intent of this section.

I Free Standing Signs

Free-standing on-premises signs, not over 30 ft. in height, having a maximum total sign area of one hundred square feet per display area and located not closer than 10 feet from any street right-of-way line and not closer than 30 feet from any adjoining lot line, may be erected to serve a group of business establishments. There shall be only one free-standing sign for each building, regardless of the number of businesses conducted in said building.

j. Wall Signs Pertaining to Nonconforming Uses

On-premises wall signs pertaining to a nonconforming use shall be permitted on the same premises of such use, provided the area of such sign does not exceed 12 ft.

k. Political Signs

No political sign shall be posted in any place or in any manner that is destructive to public property upon posting or removal. No political sign shall be posted in a public right-of-way, nor shall any such sign be posted on a utility pole. No political sign shall be posted more than 60 days before an election. All candidates for public office, their campaign committees or other persons responsible for the posting on public property of campaign material shall remove such material within two (2) weeks following election day.

l. Sign Setback Requirements

Except as modified in this section, on-premises signs, where permitted, shall be set back from the established right-of-way of any thoroughfare at least ten (10) feet. No off-premises signs shall be erected in front of the required set-back line for the appropriate zoning district.

1. Increased Setback For every square foot by which any on-premises sign exceeds 50 sq. feet, the setback shall be increased by 1/2 foot, but need not exceed one hundred feet.

2. Setbacks for Off-Premises Signs. If a setback line is not established for the appropriate zoning district, off-premises signs shall be set back a minimum of 20 feet from the right-of-way line.

3. Setbacks for Public and Quasi-Public Signs. All types of signs and bulletin boards for a church, school or any other public, religious or Educational institution may be erected not less than 10 feet from the established right-of-way line of any street or highway provided such sign or bulletin board complies with the clear sight triangle, as defined.

4. Special Yard Provisions. On-Premises signs, where permitted, shall be erected or placed in conformity with the side and rear yard requirements of the district in which they are located, except that in any residential district, on-premises signs shall not be erected or placed within 12 feet of a side or rear lot line. If the requirement for a single side yard in the appropriate zoning district is more than 12 feet, the latter shall apply.

m. Limitations

For the purposes of this ordinance, billboards and other outdoor advertising off-premises signs shall be classified as a business use for manufacturing or business. No off-premises signs shall be permitted in other zoning districts. All billboards and other types of off-premises large advertising signs shall comply with all applicable federal and state laws.

UTILITY STRUCTURES

Structures or uses required for public utilities such as gas, water, electric, sewage or telephone can be located within any district upon recommendation of the Planning Commission and approval of the governing Body.

14. GENERAL PROVISIONS AND EXCEPTIONS.

1. Rules for Determining Boundaries.

Where uncertainty exists with respect to the boundaries of any of the regular and overlay districts, as shown on the Zoning Map, the following rules shall apply:

- a. Unless otherwise indicated, the district boundaries are indicated as approximately following property lines; land lot lines; center lines of street, highways, alleys or railroads; shorelines of streams, reservoirs or other bodies of water; or civil boundaries; and they shall be construed to follow such lines.
- b. Where district boundaries are approximately parallel to the center lines of streets, highways or railroads; streams, reservoirs or said lines extended, such district boundaries shall be construed as being parallel thereto and at such distance therefrom as indicated on the Zoning Map. If no distance is given, such dimensions shall be determined by the use of the scale shown on the Zoning Map.
- c. Where a district boundary line, as appearing on the Zoning Map, divides a lot which is in single ownership at the time of enactment the use classification of the large portion may be extended to the remainder of the property by the Zoning Board of Adjustment without recourse to the amendment procedure.
- d. Where a public road, street or alley is officially vacated or abandoned, the regulations applicable to the property to which it is reverted shall apply to such vacated or abandoned road, street or alley.
- e. In case the exact location of a boundary cannot be determined by the foregoing methods, the Board of Adjustment shall, upon application, determine the location of the boundary.

2. General REstrictions Upon Land, Buildings and Structures . .

a. Use

No building or structure shall be erected, and no existing building shall be moved, altered, added to or enlarged, nor shall any land, building, structure or premises be used, designed or intended to be used for any purpose or in any manner other than a use designated in this code, as allowed in the district in which such land, building, structure or premises are located.

ARTICLE VIII

SUPPLEMENTARY REGULATIONS

I. Planned Unit Development District. It is the intent of this provision to:

- a. Encourage the development of large tracts of land as planned neighborhoods or communities;
- b. Encourage flexible and creative concepts of site planning;
- c. Preserve the natural amenities of the land by encouraging scenic and functional open areas within residential areas;
- d. Accomplish a more desirable environment than would be possible through the strict application of minimum requirements of the Ordinance.

- e. Provide for an efficient use of land resulting in smaller networks of utilities and streets and thereby lower development and housing costs
- f. Provide an environment of stable character compatible with surrounding residential area.
- a. Permitted Uses. Within the planned unit development, a variety of land uses may be permitted in an orderly relation to one another and to existing land uses, with due regard to the comprehensive planning policies of the Town of Welaka. The uses permitted within a planned unit development include the following:
 - 1. Single-family dwellings, detached.
 - 2. Single-family attached dwellings:
 - 3. Townhouses and cluster housing;
 - 4. Multi-family dwellings, including high-rise apartment buildings;
 - 5. Churches, schools community or club buildings, and similar public or semi-public facilities; golf and country clubs.
 - 6. Commercial or retail uses, including offices and clinics, provided that they meet the following criteria:
 - a. the location is appropriate in relation to other land uses.
 - b. The proposed commercial or office uses reflect the need for commercial and/or office needs according to the Town of Welaka's general development plan.

B. REQUIREMENTS AND STANDARDS FOR APPROVAL:

- 1. A parcel which is proposed for a Planned Unit Development must contain a minimum area of 10 contiguous acres in single ownership or control.
- 2. The Town of Welaka Planning and Zoning Commission and the Town of Welaka Council shall consider the following in their review of the proposed development plan"
 - a. Adherence to the Town of Welaka planning policies and Long Range Development Plan
 - b. The proper relation between the proposed development and surrounding uses, and the effect of the plan upon comprehensive planning for the Town of Welaka.
 - c. The adequacy of existing and proposed streets utilities, and other public services to serve the development;
 - d. The character, design and appropriations of the proposed land uses and their adequacy to encourage desirable living conditions, to provide separations and screening between uses where desirable, to preserve the natural amenities of the land.
- 3. Approval and recommendation of the Planning and Zoning Commission shall be accompanied by a report stating the reasons for approval of the application and specific evidence and facts showing that the proposed Planned Unit Development will not adversely affect the property adjacent to the area included in the Plan.
- 4. Final approval of the Planned Unit Development shall not be granted until the owner or owners of the property give written notice of their consent to the proposed development.

C. REVIEW AND APPROVAL PROCEDURES:

- 1. Pre-Application Conference: Prior to filing of a formal application as a planned unit development, the applicant is required to confer with the Planning and Zoning Commission in order to review the general character of the plan (on a basis of a tentative land use sketch if available), and to obtain information on projected programs.

2. Development Plan

a. After the Pre-Application Conference, the applicant shall file a petition with the Planning and Zoning Commission for the approval of Planned Unit Development. This application shall be supported by a development plan and a written summary of intent and shall show the relation between the proposed development, and the surrounding area, both existing and proposed. This supportive material shall be submitted to the Planning and Zoning Commission for review and approval'

b. The following information shall be presented:

- a. A general location map.
- b. Existing topographic conditions including contour intervals of one foot based on field surveys or photogrammetric methods and boundary survey.
- c. The existing and proposed land uses and the approximate location of all buildings and structures to be included in the first phase of construction.
- d. The approximate location of existing and proposed streets and major thoroughfares.
- e. The approximate location of existing and proposed utilities including a preliminary utility and drainage plan.
- f. The present zoning pattern in the area.
- g. A legal description of the subject property.
- h. The location and use of existing and proposed public, semi-public or community facilities, such as schools, parks, and open spaces. This will include areas proposed to be dedicated or reserved for community or public use.
- i. If a proposed development creates special problems, or involves unusual circumstances, additional information may be required in order to properly evaluate the proposal as follows:

An off-street parking and loading plan;

An economic feasibility report or market analysis;

A traffic study of the area, and a circulation plan within the development and to and from existing streets and thoroughfares.

Other information as may be required.

c. The written statement submitted with the development plan shall include the following information:

- a. A statement of the present ownership of all land within the proposed development;
- b. An explanation of the character of the proposed development, including a summary of acres, dwelling units, and gross density by type of land use. The statement shall include minimum standards for lot size, yard and spacing requirements.
- c. A general statement of the proposed development schedule and progression of unit division or staging;
- d. Agreements, provisions and covenants which govern the use, maintenance and protection of the development of common or open areas.
- e. The Planning and Zoning Commission shall consult with the City Building Inspector and Town Clerk relative to utility and municipal services required by the proposed development.
- f. The Planning and Zoning Commission shall approve or disapprove the Development Plan with or without conditions and may withhold their approval until all changes are made to the Plan.
- g. Each stage or phase of construction of the P.U.D. shall be approved in the same manner as the total Development Plan by the Planning and Zoning Commission before any building permits are issued.

3. ZONING CHANGE PROCEDURE:

- a. An application for approval of a Planned Unit Development will be considered administratively as a petition for rezoning and will be subject to the procedures established in the zoning ordinance.
- b. After review and public hearing, the Town Council may disapprove, approve, or approve with modification the plan after receiving the recommendations of the Planning and Zoning Commission.
- c. If the development plan is approved as submitted, the Town Clerk will cause the official zoning map to be changed to indicate the Planned Unit Development. If the plan is approved with modifications, a properly revised site plan shall be approved by the Planning and Zoning Commission prior to changing the zoning map. The site plan and supporting information of any approved plan shall be properly identified and permanently filed with the Town Clerk.

4. Modification of Development Plan. Any major change in use from residential to business or change in location or change of buildings, structures, land or water or alteration of or addition to buildings or structures, or erection of new buildings or structures shall be in accordance with a new Development Plan conforming with this ordinance or any portion thereof as may be required by the Planning and Zoning Commission. Upon receipt of a new or modified plan, the Planning and Zoning Commission may require such hearings as necessary to effectuate the intent of this Ordinance, but not to exceed the requirements of a new Development Plan, and shall forward its advice thereon to the Town Council for further action of the Council.

5. Subdivision Approval:

- a. At the option of the applicant, preliminary subdivision plat may be filed with the development plan in order that tentative approval of the subdivision by the Planning Commission may be granted.
- b. In no case shall subdivision approval precede approval of the development plan.

6. Building and Occupancy Permits; The building official shall issue building permits for the structures in the area covered by the approved development plan if they are in substantial conformity with the approved development plan, schedule and with other applicable regulations.

7. Revision of Development Plan: Any major or substantial change in the approved development plan which affects the intent and character of the development, the density or land use pattern, the location or dimensions of streets, or similar changes shall be reviewed and approved by the Town Council subsequent to receipt of the recommendation of the Planning and Zoning Commission. A request for the revision of the development plan shall be supported by a written statement of why the revisions are necessary or desirable.

8. Approval of the Town Council shall be in effect for at least a two year period, however, if no construction has begun within two years after approval of the development plan, or if the applicant fails to maintain the approved development plan schedule the approval of the development plan shall lapse and be of no further effect. At its discretion and for good cause, the Town Council may extend for one additional year the period for beginning construction. If the approval of a development plan lapses under this provision, the Town Council shall take the necessary rezoning action to remove the Planned Unit Development from the official zoning map, file a notice of revocation with the recorded development plan, and reinstate the zoning district and regulations which were in effect prior to the approval of the development plan.

D.

Development Requirements

1. Relation to Zoning Districts.

- a. An approved Planned Unit Development shall be considered to be a separate zoning district in which the development plan, as approved establishes the restrictions and regulations according to which development shall occur. Upon approval, the official zoning map will be changed to indicate the area as a planned unit Development.

2. Regulation limiting height, bulk, density and area by land use

- a. Where the proposal for a planned Unit Development abuts an existing one-

family district, no structures over two(2) stories in height shall be permitted within 100 feet of the abutting one-family district.

- b. The permitted gross density within any Planned Unit Development shall not exceed eight (8) dwelling units per acre. Public streets and subaqueous or submerged bottom land of lakes or streams., except as provided in (2) c. below shall be excluded in computing the area of the parcel, and therefore, the related density.
 - c. Subaqueous or submerged bottom land of lakes or streams shall be excluded in computing the area of a parcel except that where the lands abutting said lakes or streams are developed in park or open space for the use of residents of the neighborhood, the surface area of said lakes or streams may be used to compute density.
 - d. Living area standards used in the Planned Unit Development shall conform to the requirements of the MR-i Development.
 - e. Every attached single-family dwelling shall have access to a public street, court, walkway or other area dedicated to public use. The location of all proposed structures shall be as shown on the development plan, subject to minimum lot size, setback lines, lot coverage or floor area, specified in the approved plan.
3. Access: All access streets, courts and parking areas shall be designated to effectively relate with the Long Range Development Plans of the Town. Private streets are to be allowed within the Planned Unit Development if they meet Town construction standards and are of a design which meets with the approval of the Town Engineer.
4. Off-street parking: Off-street parking shall be provided in accordance with Article VI herein.
5. Control of area following Completion:
- a. After completion of a Planned Unit Development the use of land and construction modification or alteration of any building or structures within the area covered by the Plan shall be regulated by the the approved development plan.
 - b. No changes may be made in the approved development plan except as provided below.
 - a. Extensions, alterations, or modifications requiring building permits of existing buildings or structures may be permitted after review and approval of the building official, provided they are substantially consistent with purposes and intent of the development plan.
 - b. Substantial change in permitted uses, location of buildings or other specifications of the development plans may be permitted following public hearing and approval by the Town Council, upon receipt of the recommendations of the Planning and Zoning Commission.
2. Group Housing Projects. Plans for proposed group housing projects containing two or more buildings which are located on a parcel of land not subdivided into the customary streets and lots, or, contain a building not oriented so the main entrance (s) directly face a street, shall be presented to the Planning and Zoning Commission for review. The Commission shall make certain the proposed development meets the following requirements:
- 1. The proposed development shall be compatible with requirements and intent of the subdivision regulations relative to access, drainage, utilities, and major streets.
 - 2. Sidewalks are required in the project area leading from all front and rear doors to streets.
 - 3. Off-street parking spaces shall be provided as required in Section VI hereof.
 - 4. The density controls of the district in which the development is located shall apply.
3. Swimming Pools: No swimming pool shall be so located, designed, operated, or maintained as to interfere with the rights of the adjoining property. Lights to illuminate any swimming pool shall be so arranged and shadowed as to reflect light away from adjoining premises. Swimming pools shall be classed as an accessory use and shall be subject to all yard requirements of accessory uses. All swimming pools shall be subject to the existing Town Ordinance on swimming pools.

4. Townhouses; All town house developments shall make efficient, economical, comfortable and convenient use of land and open space and serve the public purpose of zoning by means alternative to conventional arrangements of yards and buildable areas. All townhouse developments shall meet the following minimum requirements.

1. No side yard is required, except that the side yard setback for a structure adjacent to a street shall be 25 feet and the side adjacent to an exterior property line shall be 10 feet.
2. No rear yard is required except that a rear yard of 20 feet is required when the rear yard of a townhouse structure abutts an exterior property line.
3. A minimum front yard of 25 feet is required when fronting on a street.
4. Each town house shall have a direct automotive access for the off-street parking space to a public street.
5. No portion of a townhouse structure shall be closer than twenty feet to any portion of a contiguous town house in another structure.

2. The number of curb breaks for an establishment shall not exceed one for each 100 feet of street frontage, or fraction thereof, having a width of not more than 50 feet and located not closer than 20 feet to the street right of way intersection. Two or more curb breaks on the same street shall be separated by a minimum of 10 feet and no curb breaks shall be located between the point of tangent on the curve of an intersection.

6. Site Development Plan

1. No building, structure or use shall be erected, altered, installed or maintained except in conformity with the provisions of this Ordinance, and with a Site Development Plan approved as provided herein.
2. In passing upon and approving such Site Development Plan, the Planning and Zoning Commission shall consider the location, size, height, spacing of any building, structure or use and its appurtenances, access and circulation for vehicles and pedestrians, streets, parking areas, yards and open spaces and relationship to adjacent property. The Planning and Zoning Commission shall not approve such Site Development Plan unless it finds that such Site Development Plan conforms to all applicable provisions of the zoning ordinance, that the safety and convenience of the public are properly provided for, that adequate off-street parking and loading facilities are provided for and that adequate protection and separation are provided for contiguous and nearby property. The Planning and Zoning Commission may attach to its approval of a Site Development Plan any reasonable condition, limitation or requirement which is found necessary, in its judgement, to effectuate the purposes of this Section and to carry out the spirit and purpose of the zoning ordinance.
3. A development Plan for the purposes of this section shall include, but not necessarily be limited to, the following plans, designs specifications and information:
 - a. Site plan with grades or contours.

 - k. Easements.
 - l. Drainage, water, sewer and fire protection plans.
 - m. Street Lighting plan.
 - n. Circulation plan
- 4. All applications for Site Development Plans shall be made in the following manner;
 - a. The Building Inspector shall furnish the proper application blanks for use in making application for Site Development Plans.
 - b. The applicant shall furnish all necessary information required upon the application form and shall furnish any other pertinent information required by the Clerk in order that the matter may be properly presented to the Planning and Zoning Commission.
 - c. The applications shall be presented by the Clerk at the first meeting of the Planning and Zoning Commission held not later than the expiration of thirty days from the filing of a proper application.
 - 5. The Planning and Zoning Commission shall have the right to refuse or approve an application for a Site Development Plan and, in either such event, it shall record in the minutes of its meeting the reasons for such action. The Planning and Zoning Commission shall within thirty days, take action either approving or disapproving such application. In the event that the Planning and Zoning Commission fails to take such action approving or disapproving, an application shall be deemed to have been approved by the Commission.
 - 6. In the event that Planning and Zoning Commission shall disapprove the Site Development Plan, it shall advise the applicant of its reasons thereof, and make recommendations concerning the Site Development Plan. The applicant may either amend the Plan and resubmit the amended Plan or may file a notice of intention to appeal the decision of the Board to the Town Council.
 - 7. The Town Council upon receipt of a Site Development Plan appeal shall within thirty days, take action either disapproving or approving application. The Town Council may approve such application subject to any amendments it shall make and if the applicant agrees to such amendments, the application shall be approved subject to the amendments. If the applicant does not agree, the Site Development Plan shall be deemed disapproved. The action of the Town Council shall be final. No building permits shall be issued until the Site Development Plan is approved by the Town Council and a copy of the Plan has been issued to the Building Inspector.

H. SUPPLEMENTAL REGULATIONS

The Building Inspector shall forthwith transmit to the Board all of the papers constituting his record concerning the action from which appeal was taken.

5. STAY OF PROCEEDINGS

The appeal shall stay all proceeding unless the Building Inspector certified to the Board of Adjustment after the notice of appeal has been filed with him that, by reason of facts which he shall set forth in his certificate, a stay would, in his opinion, cause imminent peril to life or property, in which case the proceedings shall not be stayed other than by a restraining order which may be granted by the Board of Adjustment or by Court of Record on application with notice to the building official

The Board of Adjustment shall fix a reasonable time and place for the hearing of appeals; and shall provide notice thereof to the persons appealing and to the Officer from whom the appeal is taken. It shall hear and decide the appeal within a reasonable time. At the hearing, parties may appear in person or by agent or attorney. The Board of Adjustment may after such hearing reverse or affirm, wholly or in part, or may modify the ruling order, requirement, decision or determination appealed from, to conform with its conclusion as to the action which ought to be made in the premises, and to that end, shall have all the powers of the Officer from whom the appeal was taken; but shall not by such action vary from the scope, terms, and intent of this zoning regulation.

6. VARIANCES

The Board of Adjustment may authorize upon appeal in specific cases such variance from the terms of this regulation as will not be contrary to the public interest, where, owing to special conditions, as literal enforcement of the provisions of this regulation will result in unnecessary hardship, and so that the spirit of this ordinance shall be observed and substantial justice done. Variances may be granted on density control requirements only.

7. RULES GOVERNING VARIANCE

No variance shall be allowed;

1. To permit a non-conforming use.
2. To permit a use not permitted in a District.
3. To permit a non-conforming use in any residential district.
4. To permit a non-conforming manufacturing use in a business district.

8. NOTICE OF HEARINGS

Decisions, findings and recommendations of the Board of Adjustment shall be reached only after a public hearing and after notice has been given by registered mail to the applicant. In addition, public notice shall contain the address or location of the property concerning which a hearing by the Board is sought, as well as a brief description of the nature of the application.

9. RIGHT OF APPEAL

Any property holder in the Town of Welaka, Florida, who deems himself aggrieved by any variance shall be entitled to challenge its reasonableness in an appeal to a court of competent jurisdiction taken within twenty days of the enactment or promulgation of said variance.

ARTICLE XI

ZONING REGULATION AMENDMENTS

The regulations and the number, area, and boundaries of districts and all or any portion of these regulations may be amended, supplemented, changed, modified, or repealed by the Town Council after a public hearing has been held on the proposed change by both the Planning and Zoning Commission and the Town Council; provided that such amending ordinance shall be published in a newspaper of general circulation at least fifteen days in advance of its passage.

ARTICLE XII

OFFICIAL ZONING MAP

The official zoning map of the Town of Welaka, as attached hereto, shall be made an integral part of Ordinance 8-0, as enacted by the Town Council.

OFFICIAL ZONING MAP CHANGES

Any amendment to the Zoning Ordinance requiring a change in district boundaries shall be shown on the Official Zoning Map after the passage of such amendment. Such change shall be noted, dated, and signed by the Mayor and attested by the Town Clerk in the same manner as the original maps.

Section two

That all Ordinances and parts of Ordinances in conflict herewith are hereby repealed.

Section three

That this Ordinance shall become effective immediately upon its passage.

Section four

That this Ordinance shall be posted as provided by law.
